Patents 1 - 10 on expand keys not st

[Sort by relevance](#) | [Sort by date \(new first\)](#) | [Sort by date \(old first\)](#)

Image forming apparatus

US Pat. 6317193 - Filed Nov 30, 1998 - Brother Kogyo Kabushiki Kaisha

The above deletion of intermediate data entails not actively deleting print data stored in the page memory 15c (for example, substituting null data and ...

Encryption/decryption unit and storage medium

US Pat. 6985582 - Filed Sep 1, 1999 - Kabushiki Kaisha Toshiba

The storage medium in the present invention includes not only a medium independent of ... key generating means for generating intermediate keys respectively ...

Product information system for shoppers

US Pat. 5361871 - Filed Aug 20, 1991 - Digicomp Research Corporation

Although the database stored in the remote unit 2 will 20 A power-up interrupt ... Intermediate data storage, the display, a virtually unlimited number of ...

Data compression system

US Pat. 4654877 - Filed Aug 28, 1984 - Elscint Ltd.

The compression system 17 uniquely compresses the data stored in matrix 14 in an optimal ... with either no intermediate storage or in parallel to storage; ...

Stored program pay-per-play

US Pat. 5619247 - Filed Feb 24, 1995 - Smart VCR Limited Partnership

These storage-management facilities could enable the subscriber to discard programs after ... have actually replayed (and not just stored) program material. ...

Data compression system

US Pat. 4809350 - Filed Jan 30, 1987 - Elscint Ltd.

1 includes acquisition means 6 for the before storage, after storage, ... then it is necessary to expand or de- with the computer (not shown). ...

Method and system for providing copy-protection on a storage medium and ...

US Pat. 7178036 - Filed Mar 14, 2000

If the content has not been expired, the updated information is stored in ... the S4T fields (which are on the intermediate storage device, but can not be ...

[APPLICATION] Reorganizing database objects using variable length keys

US Pat. 10618500 - Filed Jul 11, 2003 - BMC Software, Inc.

Illustrative field types include, but are not limited to, floating point, which merges the sorted data stored on intermediate storage 600 (block 730). ...

Control of processor pipeline movement through replay queue and pointer backup

US Pat. 6047370 - Filed Dec 19, 1997 - Intel Corporation

Problem repair can be quickly performed because the queue 15 has stored the intermediate state of the pipeline. Thus, the problem can be identified and ...

[APPLICATION] METHOD AND SYSTEM FOR PROVIDING COPY-PROTECTION ON A STORAGE MEDIUM AND ...

US Pat. 11674490 - Filed Feb 13, 2007

If the content has not been expired, the updated information is stored in ... the S4T fields (which are on the intermediate storage device, but can not be ...
